I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Please do not restrict my ⁷right to obtain my compounded medication for HRT. I suffered for years before finding a ⁷specialized compounding pharmacy that ^{ER}could customize my therapy and relieve my debilitating symptoms. My doctor and I cannot obtain this customized treatment from commercial pharmaceutical manufacturers or local pharmacies. How could the FDA even consider restricting availability of medications across state lines?
